School Leaver Opportunities at Barnes Roffe LLP

BARNES ROFFE LLP

*Let's talk
about
you...*

Do you want to be
challenged and take
on new responsibilities?

Do you enjoy gaining knowledge
and learning new skills?

Are you self-motivated yet
enjoy feeling part of a team?

Why You Should Choose Barnes Roffe

Our commitment to your training is second to none because we know the young people of today are going to be the energy and lifeblood of the firm of tomorrow.

Barnes Roffe is a top 50 practice and our annual combined school leaver and graduate intake is more comparable to a top 20 practice!

Are you ambitious, hardworking, outgoing and determined to succeed in your chosen career?

Qualification can be achieved in as little as three years although four to five years is more typical for those entering training contracts straight from school.

We would generally prefer our trainees first to study for the Association of Accounting Technicians (AAT) qualification and move onto ACA courses immediately thereafter. This is a slightly gentler introduction to the training than in some organisations. In our view the greater emphasis that this allows on practical experience early on pays massive dividends in the more demanding examinations at final level.

*Our trainees
tell us that
we provide
the best of
both worlds*

*"The excellent study
programme combined
with real experience at
client's premises really
helped me understand
the complications and
challenges of what
becoming a chartered
accountant is all about."*

Lewis Farmer, Dartford Office

During your training contract a substantial amount of your time will be spent on site at our clients' premises.

We have an established mentoring system in addition to regular appraisals which will give you every opportunity to advance your career.

Putting you in the driving seat, taking control, and letting you go!

Working as part of a small team with other trainee and qualified accountants, you will experience a wide variety of assignments. Your degree of responsibility will increase as you gain experience and knowledge.

Your hard work combined with our constant support means that statistically, you are far more likely to pass your exams first time.

*So is it hard
to qualify as
a chartered
accountant?*

*-You bet
it is!*

Our responsibility to you is simple:- To provide varied work in a stimulating and supportive working environment with the backing of unrivalled technical support for all your office based and study needs.

Your responsibility to Barnes Roffe is also self explanatory:- to throw all your energy into your studies and client based work.

You will only get out what you put in and the greater your efforts, the greater will be the rewards for both you and Barnes Roffe.

*Being an
accountant
with Barnes
Roffe is not
boring!*

*Our partners
take an active
and personal
interest in
the career of
each trainee*

*You can make
an impact!*

Our school leavers can, by their own efforts, create a real difference to the service we offer our clients. Very often, in larger organisations, trainees can feel lost in a vast ocean of departmental structures and administrative red tape.

At Barnes Roffe, you will quickly find that your contribution is not only highly valued but, crucial.

We are looking for individuals who will not be satisfied simply fading into the background. You will enjoy contributing to the success of Barnes Roffe as well as building yourself a successful and long term career within our practice

As a forward thinking and innovative firm we are looking for the very best school leavers who will help with our continued growth, success and reputation for delivering an outstanding service to our clients.

*Over half
of the
partners at
Barnes Roffe

the firm*

*Let's talk
about us ...*

Barnes Roffe is a top 50 firm of chartered accountants and taxation advisers with 18 partners and over 120 staff. The firm was established in 1899 and we now operate from three offices in Greater London.

Our backbone of strong professional accounting and tax partners, the majority of which have been internally trained, enables us to punch well beyond our weight at an advisory level.

By constantly challenging our partners and team members to improve their skills base, our clients receive a personal service delivered by creative, enthusiastic and well trained individuals. It is this commitment to on-going training at all levels throughout the firm that has enabled us to continually improve our service. This has resulted in the firm's substantial organic growth over the last ten years.

Our team members enjoy working in a fast paced, modern environment with access to cutting edge technology.

The clients we work with

Our client base is extremely diverse and covers nearly all sectors of UK industry, professions and services. This means that no matter what type of business you care to imagine, Barnes Roffe probably has a client involved in that area.

Serving primarily owner managed companies with turnovers ranging from £1m to £100m, the services we provide can be said to be truly comprehensive. We don't just look after the businesses but also the individuals that own them! Because of this Barnes Roffe has become a highly regarded specialist tax practice with four bespoke tax partners.

Our services include:

- Audit and accounts
- Corporate tax services
- Personal tax services
- Wealth protection
- Corporate finance
- Sale and acquisition of businesses

What our current school leavers say about us...

"I joined Barnes Roffe straight from school three years ago. It was the best decision I could have made. Since then I have passed my AAT exams and will soon be fully qualified as a chartered accountant. I am still only 21 years old. Barnes Roffe has really helped me with both my studies and practical experience and I really do feel that I have loads of opportunities ahead of me."

Thomas Keeler, Intake 2008

"As soon as I finished my A levels in 2010 I joined Barnes Roffe. I have already spent 6 months working with the tax team and I am now really enjoying spending time with the Audit team on a range of varied assignments. It is hard work, but I know that if I put the effort in, my future looks good."

Ben Andrews, Intake 2010

"When I joined Barnes Roffe as a graduate trainee I felt nervous and was unsure what to expect. I shouldn't have worried. I very much enjoy working with my new friends and colleagues and have found every day is a bit different. For me, one of the highlights of my job is going out to visit clients and meeting lots of interesting people."

Shalin Kumra, Graduate Intake 2010
