

The Barnes Roffe School Leaver Programme

If you are keen to further your career prospects but are unsure about going to university and the debt that comes with it, the Barnes Roffe School Leaver Programme offers you a great alternative.

By joining us, you can have the best of both worlds. You will have a salary from day one, gain valuable hands-on experience, whilst fast tracking your career prospects by undertaking a five year structured training programme. You can in fact become a fully qualified chartered accountant a year earlier than if you join us as a graduate.

You will start off studying for your AAT qualification which should take you two to three years to complete. At this stage, you will be mainly office based working alongside our team of accountants. Whilst learning the ropes, you will also attend college and during the first two years you will receive around seven weeks' paid study leave on top of your annual holiday allowance.

Once you have passed your AAT, you will be ready to move on and study for your ACA exams. Now your role will change and you will be working alongside our graduates, focusing primarily on audit work and spending a lot of your time out of the office visiting clients. But don't worry, you will still receive plenty of support, attend college in London and be given paid study leave to ensure you get the best possible chance of passing your exams first time.

The good news is that if you stay on track you will be a fully qualified ACA accountant three years later.

At Barnes Roffe team work is key

At Barnes Roffe you will quickly feel part of the team, making valuable contributions every day. Within a short time you will see that what you do really impacts the success of your team and the Company.

Mentoring matters

We place great emphasis on our established mentoring programme, which is especially important for our trainees. This includes regular appraisals, giving you the guidance and reassurance that you are progressing well in your career, meeting your personal targets, are on top of your studies and generally enjoying your work.

About our clients

What makes your career with Barnes Roffe even more interesting is our clients.

We work with mainly owner managed businesses and therefore the services we provide need to be truly comprehensive. We don't just look after the businesses, but also the individuals that own them!

With such clients, working in pretty much every business sector you can think of, there will be ample opportunities for you to gain an understanding of their businesses and the unique challenges they face whilst working on-site beside them.

To summarise

What you will get from us

What our team say

“Working for Barnes Roffe as a trainee is great because the staff here are all very approachable, giving me plenty of help and advice. In five years’ time I want to be fully qualified and manage a team of my own. I feel valued and know that I will be encouraged to be the best I can.”

Aaman Shergill
Trainee Accounting Technician

“I joined Barnes Roffe after taking my A levels and am now studying my AAT and will begin my ACA soon. I really enjoy the exposure I get to all aspects of accounting and the variety of work I get to do. I think I have already learnt a lot more than I would have in a larger firm.”

Mark Iglkowski
Trainee Accounting Technician

“Working for Barnes Roffe is a chance not to be missed. The experience you gain here is invaluable, the responsibilities you are given are exciting and the opportunities for progression are first class.”

Pavan Dhatt
Trainee Chartered Accountant
